

Invitation: Follow your Bliss – SoulCamp Switzerland 2010

You are welcome to participate in the first SoulCamp Switzerland 2010 at the **Kientalerhof in Kiental**, Switzerland. It will take place on the weekend of **August 21-22, 2010**.

The SoulCamp is about spirituality. It is about discovering and expressing our innermost fire. When we bring our individual talents together, we can create a collective force for the benefit of the whole.

With our motto „follow your bliss“, we want to reach people who strive for what they are truly passionate about and who are willing to invest in it. It is a way of finding our full potential and using it to serve our communities to the greatest possible extent. The sentence "follow your bliss" from the famous philosopher and great teacher of human mythology Joseph Campbell is also the guiding principle of the hotel Kientalerhof, which makes it an ideal place for this event. The hotel is located in a small village close to Spiez at the beautiful Lake of Thoune, in one of the most spectacular alpine settings in Switzerland.

What is a SoulCamp?

A SoulCamp is a thematic BarCamp. A BarCamp is a permanent un-conference born from the desire for people to share and learn in an open environment. It is an intense event with discussions, workshops and interaction from attendees. Anyone with something to contribute or with the desire to learn is welcome and invited to join. When you come, be prepared to share with barcampers. When you leave, be prepared to share it with the world. Anyone who has attended can host the next BarCamp/SoulCamp. It is a free format that doesn't belong to any person or organisation. And it is an event format that is well-proven; meanwhile BarCamps take place on all continents. Our vision is that SoulCamps will find their way around the world, connecting us as a truly global family coming together at the grassroots level for local action. Do you feel like becoming a carrier of this vision? You are welcome to join.

The SoulCamp is hosted by Global Spirituality, Benefactum Initiative und openmindcafe. Attendance is free of charge and open to anyone, children are welcome. For food and accommodation we have to charge a contribution towards expenses.

Registration

You can register at http://barcamp.ch/SoulCamp_Switzerland (in German).

Or you can contact jeannine@global-spirituality.info for further assistance.

Warm wishes,
SoulCamp Team
